Monday – Friday, 8 AM – 5 PM CST

### **Privacy Promise**

We are committed to you and value your privacy. When you give us your name, or other information, you can be sure that it will be used solely by the Similac® Welcome Addition Club®, and will not be rented, sold or exchanged with outside parties.

We may send special offers on behalf of select companies that we think may be of particular interest to you, but we do not provide these companies with your information under any circumstances. And if, at any time, you no longer wish to continue your membership, you will be removed from Club communications within 24 hours of contacting us.

Ross Pediatrics supports breastfeeding and promotes breast milk as the optimal form of infant nutrition. The American Academy of Pediatrics recommends, “Infants weaned before 12 months of age should not receive cow’s milk but should receive iron-fortified infant formula.”
